**(Progress of Disclosed Matters) Notice regarding the Signing of a Contract
in Network Business and Partial Payment**

As announced in the "Notice regarding the Signing of a Contract in Network Business and Partial Payment" dated December 23, 2025, US subsidiary responsible for the network business of ACCESS CO., LTD. (the "Company"), IP Infusion Inc., had concluded a contract regarding the provision of "OcNOS®," an integrated network OS for white-box network equipment, with Evollabs Tech FZ-LLC (hereinafter "Evollabs"), headquartered in the United Arab Emirates.

This project consists of a license agreement and service agreement with Evollabs with a contract term of three years and a total consideration of USD 70 million. As of today (January 5, 2026), USD 20 million of the USD 30 million it was to be paid by the end of 2025 has not been paid, and the Company is therefore currently in the process of confirming the status of payment with Evollabs. The Company will continue to work toward collection and will promptly notify if any events requiring disclosure arise.
